EDUCATION

Bristol Road Middle School

IB and MYP Program

Ontario, Canada

Sept. 2019 – June 2022

John Fraser Secondary School

Advanced Placement Program

Ontario, Canada

Sept. 2022 – Present

EXPERIENCE

HackCanada

Logistics Lead

May. 2024 – Present

Toronto, ON

- Managing all logistical aspects of Hack Canada, the hackathon created for Canada
- Created a detailed run of the show, and logistical details to help the event run smoothly
- Secured MLH, Hack Club Partnership, and assisted in the works of many sponsors

Student Activity Council

General Member - Tech Executive

September 2022 – Present

Mississauga, ON

- Rebuilt johnfrasersac.com using NextJS
- Added animations, mobile compatibility, announcement system through google sheets and SheetDB and implemented **Incremental Site Regeneration**.
- **Revolutionized** and **Revitalized** the old website

HealthCareCoding

Co-Director

Aug. 2023 – Sept. 2024

Mississauga, ON

- Founded a new hackathon with an emphasis on healthcare with over **500** followers
- Spearheaded operation to secure a University Venue as a high-school organizer team
- First ever online event with over 65 hackers, 20+ projects, and multiple guest speakers

PROJECTS

Operation Gas Prices | Python, Flask, Selenium, BeautifulSoup, Google Maps API

June 2024 – Present

- Using selenium, scrapes web for gas prices and displays them in a neat table
- Using Google Maps API to do path finding and distance between locations
- Now you can get more gas for cheaper!

John Fraser SAC | NextJS, SheetDB, Vercel, AOS, Bootstrap, GSAP, Framer-Motion

June 2024 - August 2024

- Built johnfrasersac.vercel.app with new and improved technologies including ISR, Framer, SheetDB, GSAP, etc.
- Created a method of adding announcements from a back-end google spreadsheet to make it **easier** for non-developers to add announcements

Minimal Classroom | NextJS, MongoDB, NextAuth.js

June 2024 – Present

- Replica of Google Classroom on a simpler level using **MongoDB** to store announcements, assignments, classrooms, and users
- Used as a replacement for google classroom due to Peel District School Board **banning** it
